# COMMERCIAL **OFFER**

## WORK PROPOSAL

Pet Magick web site build. Full development of the site with the corresponding sections, editing and image processing, text, graphic elements creation and coding, 2.0 functionalities.

Site structure:
All information and functionalities will be distributed in the following sections:
• Home
• Profiles
      • User profile
• Forum
• Animal antics
• Vet talk
• Projects board
• Pet loss
      • Pet's profile (tribute)
• Organizations
• Blog

## WORK METHODOLOGY

Once you have chosen us to develop your project, in order to be able to start working on it, we need you to let us know all of your site's specifications. We require a deposit in advance (30% - 40% of the total - The 3-month deadline for completion begins upon payment receipt). After, our team will create a homepage mock up design and submit this to you via email as a JPG for your approval. This mock up can be modified as many times as you need and it's at this stage when you can ask us for modifications regarding the design and functionalities until you are completely satisfied. Once we have started working on the next stage, every modification could entail some cost.

The site will be developed and designed with the following web technologies: CSS, HTML, JavaScript, Jquery, PHP, Doctrine, SQL and AJAX. All of these languages are supported by all the current browsers.

Finally, once the project is finished, you will be able to see the outcome on our servers and we require the remaining balance to be paid to move the site over to your hosting.

We'll give you online support every time it is required and the cost of it will depend every time on how long it takes us to do it.

## FINAL BUDGET    $ 6.750
